Project Name	Smart Lender: AI-Powered Loan Eligibility Prediction System
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1 – Application	Stage 2 – AI Prediction	Stage 3 – Result & Decision
Actions	• Opens Smart Lender website • Enters personal & financial details • Submits loan application	• AI processes applicant data • Model analyzes eligibility • Prediction is generated	• Views loan prediction • Downloads report • Decides whether to proceed with loan
Touchpoint	• Home Page • Login Page • Loan Application Form	• AI Prediction Engine • Machine Learning Model • Database	• Result Page • Dashboard • PDF Report
Customer Thought	• Is my information correct? • Will my application be accepted? • Is my data secure?	• Is the AI prediction accurate? • How long will it take? • Can I trust the result?	• My loan was approved/rejected. • What should I do next? • Can I improve my eligibility?
Customer Feeling	• Hopeful • Curious • Slightly nervous	• Anxious • Excited • Waiting for results	• Happy if approved • Disappointed if rejected • Confident with quick AI feedback

Process Ownership	• Customer • Smart Lender Web Application	• AI Prediction System • Machine Learning Model	• Smart Lender Dashboard • Banking Decision Support
Opportunities	• Simplify application form • Improve user interface • Add input validation	• Increase prediction accuracy • Reduce response time • Improve explainability of AI decisions	• Enable PDF report download • Send email/SMS notifications • Provide personalized loan improvement suggestions
